July's "Lunch Briefing"

As a value-added service to our clients, we are hosting a series of monthly "Lunch Briefings". These Briefings are designed to keep you up-to-date on various topics and issues that employers are faced with everyday. These briefings are intimate (no more than 6 employers) and designed to keep you in-the-know on how to protect your most valuable asset, **your employees**.

We know your time is valuable; therefore, the "Lunch Briefings" will start at 11 a.m. SHARP and conclude at 12:30 p.m. (lunch will be provided). This one and one-half hour briefing will be packed with information and recommendations that you can use and implement immediately.

JULY'S TOPICS

WHEN A VETERAN EMPLOYEE LOSES JOB FOCUS

When a worker has been doing the same job, the same way, for a period of time, that worker is likely to lose focus. You may notice these employees start to make mistakes because they aren't paying close attention to their work. We will identify ways to help keep your employees motivated and on track.

BRIDGING THE GAP BETWEEN BABY BOOMERS & GENERATIONS X & Y

Generational conflict can impact an organization in many ways. Each group is driven by different values and is often insulted by the others demands and expectations. The generations frequently disagree on company loyalty, job rewards, authority, tenure, teamwork and work/life balance. More than ever, employers must capitalize on the different strengths and skills of each group. It is imperative for employers to find ways to motivate, manage and retain both generations, otherwise, the best leaders and producers will walk away.
